**Product Advisory Notice:**

**New GA Firmware for UCrypt Product Line**

February 17, 2017

Dear Valued Customer:

ATX Networks is releasing a new GA firmware for all SKUs belonging to the UCrypt Q2Q, Q2IP, IP2Q and IP2IP line of products. The new FW revision number is 3.2.1.2017.112.839 (note this firmware does **NOT** apply to UCrypt IP2A or Q2A SKUs).

The purpose of this email is to serve as notification that all new and repaired aforementioned products will be shipping with this firmware revision as of February 17th, 2017.

The firmware file, release notes and upgrade instructions are now available for general download from the ATX Networks website in the Resources & Support section, Software Downloads sub-section.

Thank you in advance for your continued support.

Best regards,
